Seal Secrets

MODULAR MATE

To seal: Align projection on Seal with indentation on container, press seal groove over container. Press and slide thumb (thumb).

To open: Loosen each end slide thumb under the seal as you lift.

MICROWAVE SEAL

To reheat: Open Steam Release Cap and use in microwave for 3 minutes.

To store: Closing the Steam Release Cap ensures an airtight container for storing in the refrigerator.

To clean: Hold container in place, lift tab and peel-off Seal.

BREATHING SEAL

To seal: Place Seal groove over container rim. Press down on one corner. Slide thumb over top of Seal edge to opposite corner.

To open: Lift Seal at one corner, then lift other three corners, one at a time.

CLASSIC ROUND SEAL

To seal: With hands close to you, press Seal groove over container and move thumb and fingers around top to the Seal edge. Press center to seal and lift tab slightly to expel air.

To open: Hold container in place, lift top and peel-off seal.

INSTANT SEAL

To seal: Place Seal groove over container rim. Press center to seal firmly with thumb.

To open: While pressing center with thumb, place fingers under Seal edge, lift and remove.
